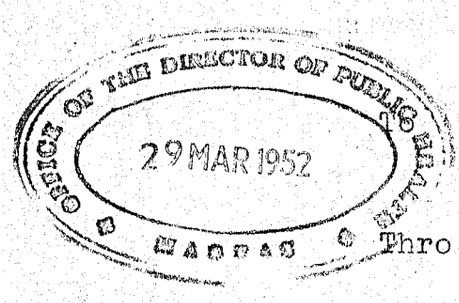
From

Dr.C.S.Ramachandra Pai,
Municipal Health Officer &
Commissioner-in-Charge,
Mangalore Municipality.



The Secretary to Government,
Health Department, MADRAS.

Thro'

The Chairman Municipal Council,
Mangalore
The Director of Public Health,
Madras.
The Inspector of Municipal Councils & Local Boards
M a d r a s.

Sir,

Sub: Establishment- Public Health- Mangalore Municipality Health Assistants- training classes to acquire Sanitary Inspectors qualification- stipend- payment of - sanction- requested.

The posts of vaccinators and Birth and Death Registrars have been constituted into one category and designated as Health Assistants in the common scale of pay of Rs.45-2-55-1-75 with effect from 15-12-1950 as per orders of the Government in G.O.Ms No. 4242 H. dated 15-12-1950. The sanctioned strength at present is 9. There are only two qualified hands and the rest were reappointed from 15-12-50 in the new category subject to condition that they should acquire the Sanitary Inspectors qualifications within a period of 4 years from that date failing which they will not be eleigible to draw increments after that period until the qualification is acquired. Non-permanent hands have been appointed under item V of Explanation II to regulation 10 of Public Health Establishment (L.A.) regulations subject to above condition failing which they will be discharged as per instructions specified in para 2 of the G.O. - Two of the Health Assistants appointed under item (V) of Explanation II to regulations 10 of Public Health - Establishment have represented that they may be deputed for training at Municipal Cost to enable them to acquire Sanitary Inspectors qualification.

There is dearth of qualified hands knowing the local languages (with Sanitary Inspectors qualification) for the post of vaccinators and Birth and Death Registrars and during the last several years unqualified hands had to be appointed under section 9(1) as no qualified hands have become available even after advertisement, Some qualified hands, even if they join remain for a short period as Health Assistants and as soon as they get a Sanitary Inspectors, Health Inspectors, or Licence Inspectors part they leave the post and hence the necessity of recruting unqualified hands arises.

In view of the administrative difficulties experienced and on the recommendation of the Municipal Health Officer the Council in its resolution No. 427 dated 15-3-52 (copy enclosed) accepted the suggestion of deputing two of the Health Assistants for Sanitary Inspectors course on condition that the candidates selected by the Municipal Health Officer execute a bond undertaking to serve this Municipality at least for a period of 5 years and

that they will be given a stipend of Rs 50/- per month each for a period of 12 months.

It is proposed to select two candidates this year to under-go the Sanitary Inspectors course at Madras which is likely to be held early in July 1952.

I request that Government may be pleased to accord early sanction for deputation of the unqualified Health Assistants and to pay them stipend at the rate of Rs.50/- per month for a period of 12 months.
